In re Application of
Nellissen
Application No. 10/530,302
Filed: April 4, 2005
Attorney Docket No. NL 020952//1217/218
For: METHOD FOR MANUFACTURING A
LIGHT EMITTING DISPLAY

ON PETITION

This is a decision on the petition, filed March 21, 2008, under 37 CFR 1.137(b) to revive the above-identified application.

The petition is **GRANTED**.

The above-identified application became abandoned for failure to timely submit a reply within three (3) months of the mailing of the February 22, 2007 non-final Office action. No response being received and no extensions of time being obtained under the provisions of 37 CFR 1.136(a), this application became abandoned on May 23, 2007. A Notice of Abandonment was mailed on September 19, 2007.

Applicant has submitted an amendment in reply to the February 22, 2007 non-final Office action, an acceptable statement of the unintentional nature of the delay in responding to the February 22, 2007 non-final Office action, and the \$1,5400.00 petition fee.

The statement of unintentional delay was not signed by a person who would have been in a position of knowing that the delay in filing a timely response was unintentional. In the event that practitioner has no knowledge that the delay was in fact unintentional, practitioner should make a reasonable inquiry to ascertain that, in fact, the delay was unintentional. If practitioner discovers that the delay was intentional, practitioner must so notify the Office. A courtesy copy of this decision is being mailed to practitioner. However, any future correspondence regarding this application will be mailed to the address of record.

All of the requirements under 37 CFR 1.137(b) being met, the petition is granted.

After the mailing of this decision, the application will be returned to Technology Center AU 2879 for consideration of the amendment filed on March 21, 2008.

Telephone inquiries should be directed to the undersigned at (571) 272-3230.

A handwritten signature in cursive script, reading "Shirene Willis Brantley".
